Production

The rain and wind deflectors are completely developed and manufactured in house by DGA® since 1990.

Nowadays DGA® has a dedicated and experienced working team that totally controls the manufacturing process of the rain and wind deflectors, which contributes to a steady improvement in quality and product design.

Wind Deflectors Advantages

Improves natural ventilation preventing fogging, increases visibility, safety and driving comfort in any weather.

Avoiding the use of the AC lowers car consumption.

Lowers the temperature inside the car in the summer.

- + AIR QUALITY
- + AERODYNAMICS
- + DESIGN
- + DRIVING COMFORT
- + DRIVING SAFETY
- + RAIN PROTECTION

Quick, easy and accurate fitting without any tools or metal, plastic support clips.

Resistance to high speed and automatic washing.

Quality

DGA® rain and wind deflectors are produced with the world best materials: cast acrylic glass from the worldwide leader Lucite Perspex (TUV CERTIFICATE – ISO 9001: 2000 and TIS 18001) and 3M adhesive tape (ISO/TS 16949:2009 and ISO 14001:2004)

With a smoked colour and high UV protection, retains its properties with exposure to sun and outside elements.

Full Range

DGA® manufactures a full range for all types of car and commercial vehicles: cars, vans, pick-ups, trucks and cars that do not require a driving permit.

55 brands, 1.360 models, updated instantly with the launch of new car models.
